CAMPER DISCIPLINARY POLICY

All campers will be handled with discretion and grace. The camp disciplinary policy will be carried out as follows unless the offense calls for a greater measure:

- An initial verbal warning.
- A time-out moment from some of the general activities and a discussion with the group leader and Love City USA Staff member.
- If the offense is egregious or there are repeated offenses, there will be a conversation with the Love City USA Director, Chaperone, and Parental Guardian, via phone, to determine the appropriate disciplinary actions. All campers who receive a time-out moment during camp will be documented for Love City USA records to cite the offense.
- Based on the severity of the violation, the penalty can be a removal from all activities, or the camper being sent home at their own expense with no refund.
